Follow the Rules

Unwavering
stance of HSE

Ownership

Be Energetic

Win-Win
Partnership

“ Global Tide has been providing tailored services to offshore wind projects since the 2020s ”

The company

Established in 2021, Global Tide has swiftly become a reliable partner for developers and operators engaged in domestic offshore wind projects.

Leveraging our deep-rooted expertise in the offshore wind sector and our comprehension of international standards, we offer tailored services that cater to the requirements of our clients. From the initial stages of projects to subsequent phases, we are well-prepared to provide solutions that align with the evolving needs of domestic offshore wind initiatives.

Our commitment to excellence and forward-thinking approach positions us as a valuable resource in the offshore wind industry.
